"And now Edgar's gone. ... Something's going on around here."

"This tape contains an assortment of music in multiple styles. It encompasses everything from old songs by old bands, new songs by old bands, and of course, new songs by new bands. Whatever your musical taste, it should be covered on this compilation of music. Unfortunately, this tape does not contain any music from the classical or country music formats as well, quite frankly, they typically tend to suck!?!... Other than that, please enjoy..."

Audio, Video and the Internet – where will it end?...

Upon my return to the United States in 1999, I began learning how to build and design web-pages in my spare time. It was after I learned these skills that I built the first FUBAR News Corporation Interactive CD-Rom and Web-page. This CD format would be created and sent to FUBAR's (at no cost I might add) and was distributed quarterly. There were four volumes of these CD's created until the FNC finally decided to go on the World Wide Web. The FUBAR News Corporation would then go on to build and maintain the following websites with the current titles and web addresses. (web-site addresses were correct at time of printing)

"THE DAWN OF A NEW ERA IN COMPUTER TECHNOLOGY..."

Hello FUBARians and welcome to the first installment of the FUBAR Interactive CD-ROM/Web-Page. I have decided to go with a computer CD-ROM instead of the traditional paper newsletter format because it provides a bit more versatility for content and design and hey, it's just pretty freakin' sweet too. Anyway, this puppy took a bit of blood and sweat to get accomplished and I think Dawn can attest to some of the shortcomings of earlier "trial" efforts, but I think you'll be very pleased with the end result?... (I think I know what it's like to be an engineer now - well without all the math and stuff... oh ok, I'm just talking crap now... anyway...) There were a select few who were allowed a sneak preview of the CD-ROM in its first-run "raw edit" format in November. The preliminary critiques were very positive and I feel I've "upped the ante" that much more in later edits to provide them and you with an even better product than that previewed. Thus we have the CD-ROM you now have in your grubby little hands. The first edition of The FUBAR Interactive CD-ROM/Web-Page. This CD-ROM will hopefully be the first of a quarterly CD-ROM I send to you (provided I can continue to afford it!☺) But hey, they may not be as flashy next time around, but I wanted the first to be remembered. The content hopefully though will continue to be at that "FUBAR" level.

I would like to take a moment here to acknowledge Jeff "Ole #7" Engel for his contribution (he has billing as well on the CD) to the project. He was "in the trenches" with me on many occasions watching this project come to fruition as well as offering insight where applicable like, "dude, that looks like s\*\*\*!" I must also thank him for his perseverance in acquiring the video clips from the FUBAR 1994 Appetite for Destruction Video (that was a nightmare, trust us! - hardware dilemma.) I would also like to thank once again all of you as without you there wouldn't have been the content for this CD-ROM in the first place.

Consider this your holiday greeting and present from myself and Dawn (as she had to suffer isolation whilst I was working on this thing!) Hope you all have a great holiday and a Happy New Year.

Once again, this has been your faithful reporter bringing you the best and only source for FUBAR World Events. So, until next time ... Insert the CD-ROM, select the "readme" file, read and follow the instructions...

Dave "Cyber-Kid" Moeder  
CEO/Founder FUBAR's est. '89

Hey Gang, just a quick note to accompany the CD-ROM/WEB-Page. Hope all is well and this CD finds you in good shape. This puppy is chock full of wholesome goodness once again and we agree you'll find it quite pleasing! (Whatever that freakin' means?) So anyway, I had to write this note to add one small detail about this CD. There are 10 tracks on it with music, but when you put this bad boy in your CD Player (TRUST ME, the CD-ROM will explain so PUT IT IN YOUR COMPUTER FIRST!) you will have to skip to track two. Track one is just the data bundle that is the CD-ROM portion and if you don't skip to track two you will listen to approx. 11 min. of dead air - but hey if that's your gig, have fun there buddy!? Well, enjoy this masterpiece and we'll see you next quarter.

Well hello my fellow FUBARians. Once again the FNC felt it was necessary to accompany the FUBAR Interactive CD-ROM/Web-Page with a letter. The reason for this you ask? Well, in our quest for glory, we forgot one small step... We forgot to hook up the doll!?... That's right, even the superior craftsmanship of the FUBAR Multimedia Dept. can overlook a minor item or two. So the usually infallible FUBAR News Corporation is forced to publish this "small" amendment to the FNC Interactive CD-ROM/Web-Page Volume IV.

So what's the big notice? Well here's the quick story. In our attempt to provide you with unsurpassed quality, we ran into a small glitch in the FUBAR Programming Dept. trying to incorporate the [WWW.FUBARHQ.IWARP.COM](http://WWW.FUBARHQ.IWARP.COM) FUBAR web presence into the Interactive CD-ROM/Web-Page Volume IV. After a few hours one of our little "monkey-boy" computer nerds figured it out (Thx GORDO) and FNC was ready to publish as the remainder of the program was already BETA tested and found stable. Somewhere in this process, the STUFF section had acquired a small programming error, which would not allow users to access the programs via the CD-ROM/Web-Page Interface. Unfortunately this glitch was found after, and to much disdain of FUBAR Upper Management (I think Avellino had an extra Beam & Coke on this one and Rothman was all out of control, winging floppy disks at employees and stuff.), the CD was published and hard-copied....

So what does all this mean? Well just this folks; you have to do the following to access the programs in the STUFF section of your CD-ROM/Web-Page.

AFTER The CD has completed its AUTORUN sequence, do the following –

1. Close the program using the "X" icon in the upper right corner of the screen.
2. <Double click> the "MY COMPUTER" icon on the desk-top
3. <Right-Click> the cursor on the CD drive containing the FNC CD-ROM
4. Select the "EXPLORE" option from the menu
5. In the new explore window which lists the contents of the FNC CD-ROM, select the folder named "STUFF"
6. <Double click> on the program or program folder you want to use.
7. Use the program.

Ok, there you have it, sorry for the inconvenience, but hey, like we've said before. You don't like go buy something else next time!?... Uh, ok then moving on... Until next quarter, you're always faithful and dedicated staff here at FNC wish to bid you a fond farewell.

Talk later.

DEAR DAVE,

PHOTO  
PHOTO

I KNOW YOU ASK FOR THIS  
A WHILE AGO. I HOPE YOU CAN  
STILL USE IT. PLEASE SEND

IT BACK WHEN YOU ARE DONE.

IT WAS THE ONLY ONE I  
COULD PART WITH. WE DO  
NOT HAVE ANY PHOTO'S OF  
JUST ME & MARK. IT WAS  
A SMALL FAMILY WEDDING  
WITH A FRIEND OF FRIEND  
TAKING PICTURES.

THE OTHER 2 FOLKS IN THE  
PICTURE ARE MARK'S BEST MAN  
ERIC BARNES AND MY SISTER  
RUTH ANNE MAHAN (MAID OF HONOR)  
SHE & ERIC MARRIED SIX MOS LATER &  
DIVORCED 3 YEAR LATER. HOWEVER THE  
COUPLE IN THE MIDDLE WAS & IS GOING STRONG <sup>NOT</sup>

**THE END...**
